

# CONFERENCES

**Mercredi 4 juillet 2007**

## AMPHI A DE CHIMIE

**14h00:** Dr T. JAMES, University of Bath  
*“Molecular Recognition using Boronic Acids”*

**14h30:** Dr T. JENKINS, University of Bath  
*“Surface immobilized lipide bilayer vesicles for membrane-toxin interaction studies”*

**15h00:** Dr J. FOSSEY, University of Bath  
*“Molecular Architectures for Advanced Functions”*

**15h30-16h00:** Pause café

**16h00:** Dr F. D’HOOGE, University of Bath  
*“Surface Appended Boronic Acids for Carbohydrate Sensing”*

**16h30:** Neil POULTER, University of Bath  
*“New organo-silver antimicrobial plasma deposited films”*

**16h45:** Session Poster
